NEWSLETTER #3 2019

The International EPD® System is a global programme for environmental declarations based on ISO 14025 and EN 15804. Our online database currently contains more than 1 100 EPDs for a wide range of product categories by companies in 45 countries.

Stay up to date with the latest news and information from the EPD Secretariat, in this newsletter we are happy to inform you that the registration for the EPD Stakeholder Conference in November is open!

Registration open: 7th EPD International Stakeholder Conference

The EPD International Stakeholder Conference 2019 will take place in Bilbao, Spain, on Tuesday, November 26th 2019. The event is expected to gather EPD stakeholders from industry, academia and others sectors for a chance to meet and learn about the latest

developments in the world of Environmental Product Declarations.

Read more and register to the conference here.

Upcoming webinar: How to create machine-readable EPD:s

Learn more about machine-readable EPD information and how to create machine-readable EPDs in a free online webinar: Thursday, September 19, 2 pm-3.30pm (CEST)

More information and registration

More than 1100 EPD:s from 45 countries published

Now there are 1100 EPD:s from companies and organisations in 45 different countries published.

"The rapid growth in EPD information continues also in 2019. More LCA-based data than ever are now available via www.environdec.com", says Kristian Jelse, programme manager of the International EPD® System.

Follow us on social media:

The International EPD® System is a global programme for voluntary and transparent communication of the life cycle environmental impacts of goods and services. Since the publication of the first EPD in 1999, the database at www.environdec.com currently consists of more than 1 100 certified environmental product declarations from organisations in 45 countries.

The programme operator of the International EPD® System is EPD International AB, registered in Sweden. EPD International is a subsidiary to IVL Swedish Environmental Research Institute.
